WORK EXPERIENCE

Technical Cloud Intern Junept Software LLP

01/2020 - 06/2020

Achievements/Tasks

- Deduced Cloud Solutions for Junept Software using Microsoft Azure. .
- Deployed a client-server model using virtual machines & also added security rules on them.
- Worked with APIs using API management service, controlled and redirected internet traffic to appropriate endpoints.
- Learned about some essential services of Microsoft Azure like automation accounts, update management, antivirus update, bastion, CLI commands. By learning different services on Microsoft Azure, I got a better vision on Infrastructure as a Service (IaaS), Platform as a Service (PaaS) and Software as a Service (SaaS)

UNIVERSITY PROJECTS

Creating a Database for sports tournaments

- We built a Database model for our sports festival and depicted on how every sports would have teams and how those teams would have players having different roles. With our knowledge on Schemas, Entity Relationship Diagrams & attributes we built this model. The team consisted of 3 members.

Small demo model of Vertical Farming

- We planted two sensors. Height control sensor because vertical farming is performed in a limited space and temperature control sensor to make sure that the plant is receiving right temperature. We also attached a GSM module so that a text message is sent to the owner to alert them if the sensors reading are not adequate for the plant.

EDUCATION

Bachelor of Technology, Information and Communication Technology

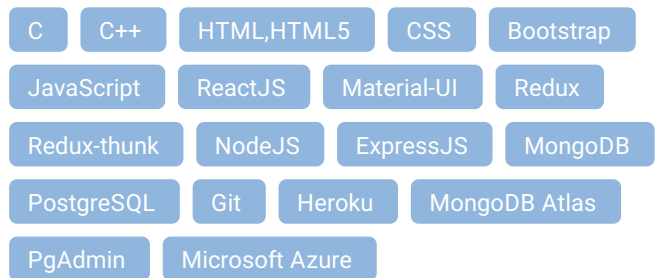

Dhirubhai Ambani Institute of Information and Communication Technology (DA-IICT)

05/2016 - 04/2020

CBSE

Atomic Energy Central School

TECHNICAL SKILLS

EXPERTISE AREAS OF INTEREST

Data structures & Algorithms, Database Management Systems, Object Oriented Programming

EXTRA-CURRICULAR ACTIVITIES & ACHIEVEMENTS

District Level player in Volley Ball and was also part of my college team for consecutive 4 years.

Conducted Events and managed them in Tech fest 2017-2019.

Won Bronze medal in National Science Olympiad, at school level.
